2016 Leaf Collection

During the Fall season the Village collects leaves, according to the schedule below, from mid-October through the first week in December, weather permitting. Leaves must be raked to the curb in advance of the scheduled pick-up dates for your street. Please note that your leaves may be picked up later than the scheduled week, due to equipment problems, inclement weather, or other circumstances beyond our control. It is also possible that we will go back over streets between scheduled weeks.

Leaves raked to the curb must not be raked into the gutter or into the street blocking street drains. This could cause flooding if the leaves are washed into the street storm drain system. Small sticks (smaller than a broom stick), twigs, leaves, and other small debris such as this must be bagged or placed in cans for Rumpke, following Rumpke's yard waste regulations. The Village leafing crew will not pick up this type of material and placing it in the leaf pile may seriously damage leafing equipment.
